ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
12th Ave. Redevelopment Project - CCDC	This includes nine parcels where widening of the road is to be done	San Diego County	12/13/2001	San Diego Co. 01-04 w/Advisory Team	Certification of Completion issued (2/04)	George McCandless (619) 338-2259	XXX
13th & 14th Street Redevelopment	Portion of site previously a Yellow cab facility---potential for petroleum hydrocarbon-bearing soil; underground tanks	San Diego Co.	9/25/2003	San Diego Co. 03-05	5 tanks removed; Property Mitigation, Health and Safety plans approved; excavation activities began; closure document under review (6/05)	Ewan Moffat (619) 338-2212	
1900 Third Street LLC	Presence of shallow oil and grease soil contaminants associated with railroad activities and/or fill soils	RWQCB Region 2	7/30/1998	SFRWQCB 98-08	Site included as part of Mission Bay certificate of completion--no further action	Vic Pal (510) 622-2403	XXX
Adbo Corporation	Soil and groundwater contamination- TPH diesel and gasoline, VOCs, TCE	RWQCB Santa Ana Region 8	3/22/1995	SARWQCB/ 95-07	Site Certified--Site included in 10/21/97 survey by Cal/EPA	(909) 782-4497	XXX
Alcan (Southern Pacific Transportation)	Mineral spirits and motor oil in soil and shallow groundwater	RWQCB - Region 2	8/30/1995	SFRWQCB 95-22	DTSC lead -- certified closed; 12/31/99 DTSC letter states no further corrective action needed for this site	Betty Graham (510) 622-2358	NFA
Alpha Metals, Inc.	A basement in a portion of the facility is subject to groundwater intrusion; periodic samples of wastewater, prior to discharge, at the facility exhibited elevated levels of copper and low pH	Santa Ana RWQCB	9/28/2000	Santa Ana RWQCB 00-04	Groundwater sampling of existing wells in June 2005 (6/05)	Carl Bernhardt (909) 782-4495	
AMVAC Chemical Corp (Main facility) (ERAP)	Site is located in a heavy industrial area-- site activities have included development, formulation, and manufacture of agricultural chemicals including insecticides, fungicides,, molluscicides, growth regulators, and soil fumigants	DTSC	3/27/1997	DTSC Glendale 97-06	Phase II site investigation workplan completed and approved by DTSC (6/05)	Maria Fabella (818) 551-2918	
AMVAC Chemical Corp (Railroad Right-of-Way) (ERAP)	Site consists of railroad spur with a bulk liquid rail car transfer area-- soil sample showed DDT, Hexachloro-benzene, Phthalates, Benzoid Acid (RCRA corrective action site)	DTSC	5/29/1996	DTSC Cypress 96-07	Remediation completed and requires a deed of restriction prior to certification (6/05)	Greg Holmes (714) 484-5461	

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
ANR Freight Systems, Inc. Bandini Blvd (ERAP)	Soil and groundwater contamination- leaking UFTs Disposal of foundry sands with elevated levels of lead and copper	DTSC	6/28/1995	DTSC/ 95-14	Site certified in 10/98	Steven Becker (916) 255-3586	XXX
Athanol Group, Inc. (Alger Manufacturing)	Degreasing solvent lost to underlying soils	RWQCB	4/29/1999	SARWQCB 99-04	Soil vapor extraction system has been in operation since 2000; Board staff will request installation of groundwater monitoring wells (6/05)	Najah Amin (951) 782-4495	
Austin Fernandez	Former gas station--release occurred from tanks & pumping islands	City of Santa Monica	8/1/1995	City of Santa Monica 95-15	Project Closed	Brian Johnson (310) 458-2213	XXX
Bicknell Property	Soil contamination-TPH detected at 15 feet; unknown groundwater contamination; groundwater elevation known to be 19 - 21 feet	Santa Ana Fire Dept.	June 28, 1995	SARWQCB/ 95-12	When contacted in 9/98, Santa Ana staff indicated that the RWQCB has the lead on this project--project was designated to the local agency	Leslie Alford (909) 782-4903	XXX
Birtcher Riverside Marketplace Partners	Former industrial site with suspected release of lead and zinc in surface soils and ash	Riverside Co Dept of Env Health	4/24/1996	Riverside Co. Dept of Env Health/ 96-04	Site certified -- site included in 10/21/97 Cal/EPA survey	Michael Shotler (909) 358-5055	XXX
Burnham Pacific Properties (Discovery Plaza)	PCE, TCE, and cis-1,2-DCE were detected in soil gas and groundwater and PCE, TCE, and cis-1,2-DCE	Sacto Co	5/27/1999	Sacto Co 99-07	Workplan approved for indoor soil gas sampling; Site Conceptual Model, Human Health Risk Assessment, and Feasibility Study to be prepared and submitted (6/05)	Susan Williams (916) 875-8452	
California Steel Industries, Inc. (ERAP)	Soil testing indicates presence of VOCs, metals, SVOCs, PCBs, and cyanide	SB 923 DTSC	8/1/1995	DTSC Sacramento 95-17	Draft Remedial Action Plan awaiting review (6/05)	Eric Wallberg (916) 255-3749	

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Catellus Development Corp/Mission Bay	Cleanup of site for redevelopment	RWQCB - Region 2	6/26/1997	SFRWQCB 97-10	Certificate of Completion issued 5/25/99	Vic Pal (510) 622-2403	XXX
Catellus Development Corp/Mission Bay (2nd part)	Cleanup of site for redevelopment	RWQCB Region 2	12/10/1998	SFRWQCB 98-12	Site certified in combination with East Shore Park Properties (also see resolution 97-07)	Vic Pal (510) 622-2403	XXX
CENCO Refining Company	Site contaminated with crude oil	RWQCB	2/25/1999	SARWQCB 99-03	Certificate of completion issued 6/23/04	Maneck Chichgar (909) 782-3252	XXX
Central Contra Costa Co Sanitary District Facility	Soil contamination - lead, BTEX, TPH diesel, PAHs, oil & grease; groundwater contamination--metals and benzene detected at one monitoring well	DTSC-Reg. 2	2/16/1995	DTSC Berkeley 95-04	Certificate of Completion issued 07/07/04	Bill Brown (510) 540-3841	XXX
Central Station Land, Inc.	Historical and current uses of this site have included a foundry, vehicle repair activities, rail terminal, door manufacturing operation, training maintenance area. Known or suspected contaminants include lead, petroleum hydrocarbons, PAHs and volatile organic hydrocarbons	SF RWQCB	3/29/2001	SFRWQCB 01-01	Proposed remediation levels presented in Geomatrix Consultants' letter were approved (12/04)	Mark Johnson (510) 622-2493	
Centre City - Downtown San Diego Ball Park	Add parcels to San Diego Ball Park Project. (relates to project 98-10)	San Diego	7/25/2002	San Diego Co. 02-05	Refer to Res. No. 98-10 for status	Jim Schuck (619) 338-2908	
Centre City Development Corporation (San Diego Ballpark) AKA East Village Redevelopment	Centre City Development Corporation will work with the County to coordinate any investigation of contaminant releases and to remediate any contamination	San Diego County Env. Health	9/24/1998	San Diego County 98-10	Physical construction of the ballpark is complete and Omni Hotel complex is complete; Phase II investigations continue for ancillary development parcels (6/05)	Jim C. Schuck (619) 338-2908	

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Cerro Metal Products	Solvents released, both soil and GW affected	RWQCB - Reg 4 (LA)	2/19/1998	LARWQCB 98-01	Soil Vapor Extraction in progress; groundwater monitoring in progress in VOC and metal impacted areas; former Diesel AST Spill Area remediated in 8/04; Pump & Treat System to be deployed at end of year (6/05)	Pinaki Guha-Niyogi (213) 576-6742	
CHP - City of Sacramento	Cleanup of former CHP Academy	Sacramento County EMD	1/28/1999	Sacto Co/ 99-02	Project completed and closed on 11/8/99	Barry Marcus (916) 875-8506	XXX
Chrome Craft	Former Chrome Craft facility is a concrete building formerly used to manufacture and remanufacture industrial parts	Sacto Co.	na	na	Application withdrawn	na	na
City Link Investment Corp.	Morena Vista Redevelopment Project	San Diego Co.	na	na 03-06	Application withdrawn	na	na
City of Bakersfield Panorama Drive (ERAP)	Old burn dump site--partially underlain by a shallow TCE GW plume	DTSC	5/29/1996	DTSC/ 96-08	Site certified in June 1998		XXX
City of Chico - Burn Dump	Lead contamination in soil at Humboldt Road Burn Dump	RWQCB - Region 5	12/11/1997	CVRWQCB 97-16	Irrigation conducted and ongoing as needed; construction started; air monitoring stations installed and tested; existing BMP erosion control structures removed will be replaced following field activities	Karen Clementsen (530) 224-4852	
City of San Diego 38th Street Burn Dump	Burn ash soils have elevated levels of lead and zinc	LEA	na	na	Application withdrawn	na	na

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Cleveland Associates Also see 00-07	The eastern part of the site from the I-5 on ramp south to Paradise Marsh was filled with material that contained elevated levels of lead (possibly used as a burn dump)	San Diego County	8/26/1999	RWQCB/ 99-10 Redesignated to San Diego Co. in 12/00	Refer to Resolution 00-07 Cleveland Avenue Site	George McCandless (619) 338-2259	
Cleveland Avenue Site * (Redesignation Request) Also see 99-10	The eastern part of the site from the I-5 on ramp south to Paradise Marsh was filled with material that contained elevated levels of lead (possibly used as a burn dump)	San Diego County	12/7/2000	San Diego County 00-07	Mitigation plan approved with conditions; reports under 00-06 and 00-07 resolutions are for 4 areas- mitigation for burn ash almost complete; 1,000 gallon bunker tank removed; revised workplan approved for Ace Metals area; deficiencies in 3/16/04 investigation report of Foundry need correction (6/05)	Donn LiPera (619) 338-2244	
* Cleveland Avenue Site and Marina Village are part of a redevelopment project referred to as the "Harbor District Plan"							
Connecticut General Life (Del Norte Plaza, McCleaners)	Tetrachloroethane contamination of soil and groundwater	RWQCB - Region 9	3/27/1997	SDRWQCB 97-04	Certificate of Completion has been done (4/02)	Peter Peuron (858) 637-7137	XXX
Convention Center Port of San Diego	Former incinerator and open dump site - soil contaminated with TPH and PAH and elevated concentrations of metals	San Diego County	1/31/1995	San Diego Co. 95-03	County of San Diego Solid Waste Local Enforcement Agency has determined that no further action is required (5/03)	Richard Gilb (858) 694-2801	NFA
Copperwood Mall	A mall in Citrus Heights which formerly housed two dry cleaners	Sacto Co.	4/25/2002	Sacto Co. 02-04	Plume 1 is being monitored and evaluated; Plume 2 is being monitored and SVE is being reinstalled and augmented by ozone-sparge (6/05)	Dana Booth (916) 875-8519	
Coronado Boat Yard	Soil contamination - hydrocarbons PCBs, lead and copper	County of San Diego	May 31, 1995	County of San Diego 95-11	Project Complete	Mo Lahsaie (619) 338-2256	XXX

California Environmental Protection Agency - Site Designation Committee

ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Daly City Redevelopment Agency (Sofos Property)	.23 acre site that has been used most recently as an auto repair shop	San Mateo County	1/27/2005	San Mateo County 05-01	Consultant working with city to address County's concern on lead/asbestos abatement procedures (6/05)	Patrick Ledesma (650) 599-1641	
Darling International (Omar Rendering Site)	Soil and groundwater contamination- inorganic VOCs, and petroleum hydrocarbons	RWQCB San Diego Region 9	4/26/1995	SDRWQCB/ 95-08	Feasibility Study submitted; continued monitoring of site (6/05)	Brian McDaniel (858) 627-3927	
Decoto Pipeyard	This site is approximately 30 acres and has primarily been used for refurbishing and wrapping of natural gas pipe	DTSC	12/13/2001	DTSC 01-05 Berkeley	Site certified (2003)	Lynn Nakashima (510) 540-3839	XXX
Don Kott Leasing	The site is the Gardena Landfill #9	RWQCB	n/a	n/a 02-06	The applicant asked twice for the application to be held over; subsequently withdrawn (12/02)	na	na
Dudley and Petty (Corning Development Group)	Potential ERAP site comprised of approximately 13.2 acres	na	na	na	Application withdrawn	na	na
Dupont-Oakley facility (RCRA)	Former manufacturing site with RCRA issues	RWQCB	3/28/2002	DTSC 02-03 w/Advisory Team Sacramento	Phase 2 Surface Water and Sediment RFI submitted 3/05; Phase 2 Groundwater RFI plans and Cline Vineyard Final report expected for submission in June or July (6/05)	Dean Wright (916) 255-6528	
East Shore Park Properties (Catellus Development Corp)	Involves potential contaminants for property bayside of I-80 including: Point Isabel, Albany Plateau, North Basin Strip, Berkeley Meadows, Berkeley Brickyard, Ashby Spit	RWQCB - Region 2	4/24/1997	SFRWCQB 97-07	Site Certification completed (12/18/98)	Stephen Hill (510) 622-2361	XXX
Education Village (#1)	Sites includes 9 parcels where there was previously a gas station and dry cleaners. Also see 00-05	San Diego County	10/26/2000	San Diego County 00-02	Refer to resolution 00-05	George McCandless (619) 338-2259	

California Environmental Protection Agency - Site Designation Committee

ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Education Village (#2)	Sites includes 18 parcels where there was previously a gas station and dry cleaners-- these parcels are part of Education Village #1 site, however the Committee had to consider parcels separately due to public noticing requirements	San Diego County	10/26/2000	San Diego County 00-05	Preliminary Site Assessment Completed (6/05)	Carol Spangenberg (619) 338-2257	
Eels River Sawmill	Lumber fungicides containing pertachloro- phenol were used at the site. Such fungicides have reportedly been detected in shallow soils	DTSC	na	na	Application withdrawn	na	na
Ferro Union AKA (Burlington Northern Santa Fe) (ERAP)	9.51 acres within a M-2 land use zone (heavy industrial) in the City of Vernon	DTSC	10/30/1996	DTSC Glendale 96-21	DTSC received a copy of the recorded deed by the County of Los Angeles Recorder's Office; DTSC is preparing the certification package for the site (3/04)	Michael Iskarous (818) 551-2857	
Flat Rock Land Company	Site investigation described in this work plan consists of a study area of approximately 59 acres of undeveloped land	San Diego County	1/29/2004	San Diego County 04-01	Designated January 2004	George McCandless (619) 338-2259	
Fountaingrove Plaza (ERAP - orphan)	Future Kaiser Medical facility site; chlorinated solvents identified in GW	DTSC	5/29/1996	DTSC Berkeley 96-09	DTSC certified the final remedial action on March 1,1998; two additional monitoring wells are being installed as part of the trial shutdown of the treatment plant (6/05)	Janet Naito (510) 540-3833	XXX
Fulton Shipyard	Site is located on two APNs with varying levels of contaminants	Contra Costa County	1/27/2005	DTSC Berkeley 05-02	First scoping meeting completed (6/05)	Barbara Cook (510) 540-3843	
Galt Joint Union High School	Diesel and gasoline motor fuels	Sacto Co	na	na	Application withdrawn	na	na

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Gaylord Container Corp d/b/a Inland Paper Packaging	Nine non-contiguous parcels	DTSC	12/9/2003	DTSC Berkeley 03-07	Black Liquor Pond removed; implementation report expected in 7/05 for East mill; PEA under review for West mill; deed restriction out for signature (6/05)	Janet Naito (510) 540-3833	
General Electric (GE) Apparatus Service Ctr	Site is a railroad right-of-way and contains polychlorinated biphenyls	DTSC	4/24/1996	DTSC Glendale 96-06	Contamination removed, 90%complete; implementation report being prepared (6/05)	Chia Rin Yen (818) 551-2182	
Genuine Parts Distributor	Underground tanks with release of petroleum hydrocarbons	LA RWCQB	3/27/1996	LARWCQB 96-03	Closed -- "No Further Action" letter issued 5/30/97	(213) 266-7512	XXX
Golden Technology (ERAP - orphan)	Elevated concentrations of metals and VOCs in the soil	DTSC	8/28/1996	DTSC Berkeley 96-13	Deed restrictions being reviewed; Soil remedial Action Plan and Design approved and implemented (6/05)	Janet Naito (510) 540-3833	
Grass Valley Burn Dump, Doan Investments	Burn dump site located in Nevada County, Grass Valley	CIWMB	7/26/2001	CIWMB 01-03	CIWMB has received a Draft Remedial Action Plan and commented; a meeting to discuss issues is scheduled for 4/20/05 (3/05)	Gino Yetka (916) 341-6354	
Hauselt Property	Contamination of soil and underlying aquifer with herbicide, Dinoseb (dinitro-phenol)	RWQCB Central Valley	1/31/1995	CVRWQCB/ 95-01	Site certified in March, 1998	Jim Rohrbach (916) 224-4856	XXX
Hercules Gas Plant	Soil and groundwater contamination with PCB and BTEX	DTSC-Reg. 3	3/22/1995	DTSC Glendale 95-05	Results of the recent soil gas investigation and soil vapor extraction system may require a RAP amendment (8/02)	Michel Iskarous (818) 551-2857	
ITT Industries (Mariner's Park)	Former submarine cable manufacturing facility with above-ground storage tank, TCE tanks, TCE vapor degreasers	County of San Diego LEA	8/28/1996	County of San Diego LEA 96-14	DEH is considering enforcement action for case (6/05)	James Clay (619) 338-2205	

California Environmental Protection Agency - Site Designation Committee

ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
J & S Chrome Plating, Inc.	Soil and groundwater may be contaminated by heavy metals, PCE and TCE.	DTSC Southern CA- Glendale	1/28/1999	DTSC Cypress 99-01	Conducting additional groundwater sampling to complete Remedial Investigation and Feasibility Study (6/05)	Yasser Aref (714) 484-5461	
John Smith Landfill (RCRA)	Landfill opened in 1968 with no restrictions on waste; groundwater shows contamination	RWQCB - Region 3	8/1/1995	CCRWQCB/ 95-16 Note: Although CCRWQCB was designated as the lead, they are not responsible for RCRA requirements	Implementation of cleanup alternative is ongoing; expanded landfill gas system to address additional GW contamination	David Athey (805) 542-4644	
Kaiser Aerospace & Electronics	Groundwater contamination	City of San Leandro	11/29/1995	City of San Leandro 95-26	Applicant requested to be removed from the site designation program, the City of San Leandro agreed, effective immediately (6/04)	Mike Bakaldin (510) 577-3331	na
Kaiser Ventures, Inc. (AKA Kaiser Steel)	Operable Unit #2--located in the north- central and northeastern portions of the mill site and includes the By-Products Plant. This was the site of coal and ore storage, coke making, coke by- products recovery, iron making, drinking water treatment, and other activities related to iron production	DTSC	9/27/1995	DTSC Cypress 95-23	Several scoping and technical meeting held to develop Field Sampling Plans for site investigation (6/05)	Greg Sweel (714) 484-5413	
Kemper Real Estate	Chlorinated solvents introduced from surface -- possible UST waste oil tank	City of San Leandro	11/29/1995	City of San Leandro 95-27	Groundwater wells are being monitored (4/02)	Mike Bakaldin (510) 577-3331	
Laidlaw (Former Sinclair Paint Facility)	Previously paint manufacturing facility, known nature of release consists of semi- volatile and volatile organic compounds	RWQCB - Region 4	4/24/1996	LARWQCB/ 96-05	15 wells being monitored, continued remediation by soil vapor extraction/ bioventing, with weekly free-product recovery from 2 wells (6/05)	David Young (213) 576-6744	
Lindberg Street Redevelopment Site (ERAP - orphan)	Site has lead concentrations in the soils up to 7,000 parts per million	DTSC	12/11/1997	DTSC Berkeley 97-18	Site certified 3/1/05	Janet Naito (510) 540-3833	XXX

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Lockheed Martin Corporation	GW concentrations of VOCs, nitrate, fluoride, total aluminum, total chromium, total cadmium, total thallium & total mercury	DTSC	7/31/1997	DTSC Glendale 97-11	Definition of off-site contaminated plume continues; CCMS for on-site contaminated plume proposed (6/05)	Chia Rin Yen (818) 551-2182	
MachHoward Leasing, Inc.	Soil and groundwater contamination- petroleum hydrocarbons, waste oil, and PCBs	RWQCB Santa Ana Region 8	4/26/1995	SARWQCB/ 95-09	Site Certified--Site included in 10/21/97 survey by Cal/EPA	Patricia Hannon (909) 782-4498	XXX
Marina Village *	Site includes former foundry, plating shop, and slaughter house	San Diego County	12/7/2000	San Diego County 00-06	Refer to 00-07 status	Donn LiPera (619) 338-2244	
* Cleveland Avenue Site and Marina Village are part of a redevelopment project referred to as the "Harbor District Plan"							
Mar-Lak Products Co.	Soil and ground contamination-UST leak excavation of soil and pump; treat for groundwater cleanup	RWQCB Los Angeles Region 4	6/30/1994	LARWQCB 94-01	Quarterly GW monitoring is continuing; RP submitted a plan for GW remediation (3/04)	Angelica Casteneda (213) 576-6755	
Mobil Oil	Site is the Mobil Torrance Refinery	RWQCB	na	na	March 2000 application withdrawn	na	na
Navistar International Trans Co. AKA Solar Turbines	Site formerly had underground storage tanks	DTSC	2/28/1996	DTSC Glendale 96-02	Investigation complete; corrective measures study to occur; groundwater monitoring, storm drain maintenance ongoing (6/05)	Vu Nguyen (818) 551-2199	
Neutrogena Corporation	Diesel impacted clay and silty soil is located in vicinity of former UST	RWCQB - Region 4	9/25/1996	LARWCQB 96-20	"No further action" letter was issued	(213) 266-7500	NFA
North Park Renaissance Redevelopment Project	Thirteen parcels within the redevelopment area	San Diego Co.	12/12/2002	San Diego Co. 02-09	Work plan for excavation/ sampling (tank area) approved 1/05 (6/05)	Ewan Moffat (619) 338-2212	
Oakland Inner Harbor Tidal Canal - US Army Corp	The Oakland Inner Harbor Tidal Canal is a waterway that separates the cities of Oakland and Alameda that connects San Leandro Bay to the Oakland Inner Harbor	SFRWQCB	6/30/2005	SFRWQCB 05-04	Designated June 2005	Curtis Scott (510) 622-2414	

California Environmental Protection Agency - Site Designation Committee

ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Pacific Steel Redevelopment Project	11 parcels in National City	San Diego Co.	n/a	n/a 02-07	Application withdrawn	na	na
Parson Trust Property	Soil and groundwater contamination - TCE and PCE	RWQCB Santa Ana Region 8	May 31, 1995	SARWQCB/ 95-10	Site certified (1/02)	Kamron Saremi (909) 782-4303	XXX
Penn Environmental (Lompoc Firing Range)	Site has lead from slugs and shot present	County of Santa Barbara	3/27/1997	County of Santa Barbara 97-02	Cleanup was completed; however a certification was not issued due to non-payment	Steve Nailer (805) 686-8175	NFA
People's Bank of California (Liebel's Cleaners)	PCE concentrations greater than 5ug/l found in several groundwater monitoring wells	Sacto County Env Mgmt Dept	12/11/1997	Sacto Co/ 97-15	Project certified (12/01)	Barry Marcus (916) 386-6786	XXX
PG&E - Colusa (ERAP)	Former Manufactured Gas Plant at Colusa	DTSC	2/5/1998	DTSC Sacramento 97-21	Site Investigation completed (6/05)	Jerry Lile (916) 255-3744	
PG&E - Former Manufactured Gas Plant (Fresno) (ERAP)	Soils have elevated levels of polynuclear aromatic hydrocarbons, STEX, arsenic, copper, thallium and lead up to about 5 to 10 feet below ground surface	DTSC	4/30/1998	DTSC Sacramento 98-03	Preliminary Site Investigation Completed (6/05)	Mike Vivas (916) 255-3682	
PG&E - Moss Landing (RCRA)	Site has had Phase I and II site assessment of the Moss Landing Power Plant site	DTSC	4/30/1998	DTSC Berkeley 98-05	Implementation of Cleanup Alternative in three areas (6/05)	John Papathakis (916) 255-3579	
PG&E - Oakley	PG&E Antioch District Maintenance Station located at 5400 Neroly Road, Oakley, CA	Central Valley RWQCB	na	na 04-03	Application rejected since investigation and remedial action were already complete (3/04)	na	na
PG&E - Redding (ERAP)	Former Manufactured Gas Plant at Colusa	DTSC	2/5/1998	DTSC Sacramento 97-22	Implementation of Cleanup Alternative (95% complete) (6/05)	Jerry Lile (916) 255-3744	
PG&E Former Substation 1-Bakersfield	Previously an electrical substation currently vacant, close to tennis court at Bakersfield High School	CVRWQCB	9/25/2003	CVRWQCB 03-04	Designated September 2003	Anthony Medrano (559) 488-4395	

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
PG&E Merced	Former rail yard and lumber storage sales area	CVRWQCB	12/9/2003	CVRWQCB 03-08	Designated December 2003	Anthony Medrano (559) 488-4395	
PG&E Potrero Power Plant	Historical and current uses of this site have included an electricity generating facility, construction staging yard, and electrical switch yard	SF RWQCB	3/29/2001	SFRWQCB 01-02	PG&E abandoned this power plant expansion project in 2002/03; two site investigations had been conducted (3/04)	Stephen Hill (510) 622-2361	
PG&E Topock Compressor Station (RCRA)	Site consists of 3 parcels of land and 7 constituents of concern have been identified	DTSC	8/11/2003	DTSC-HWMP Berkeley 03-03	Draft and final workplans submitted for in situ chromium reduction pilot studies; revised draft RCRA investigation report is undergoing review; AB932 (2005-2006) has been proposed to require a special report to the Legislature (6/05)	Norman Shopay (510) 540-3943	
PG&E, G Street Substation, Fresno	Mercury and mineral oil were released when property was used as a electrical substation	DTSC - Sacramento	6/30/2005	DTSC - Berkeley 05-03	Designated June 2005	Steven Becker (916) 255-3586	
PG&E, Morro Bay Palmer Plant (RCRA)	This site is a large industrial facility and has used or stored a variety of industrial chemicals over time	DTSC	12/13/2001	DTSC-HWMP 01-06 w/Advisory Team Sacramento	Work had halted but is starting again; PG&E obtained necessary permit from California Energy Commission (6/05)	John Papathakis (916) 255-3579	
Phillips Ranch Disposal	Previous landfill/burn ash dump	CIWMB	6/26/1996	CIWMB/ 96-10	RAP approved--no recent activities (3/05)	Gino Yetka (916) 341-6354	
Port of S.F. and S.F. Municipal Railway (Muni)	Potential contamination exists on the property due to former operations by Western Pacific Railroad	RWQCB Region 2	12/10/1998	SFRWQCB 98-11	Working on acceptable deed restriction; should be complete soon (3/02)	Nancy Katyl (510) 622-2408	

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
River Street Redevelopment Site (ERAP - orphan)	Site has PAH concentrations up to 1900 parts per million in soils and 4100 parts per billion in groundwater	DTSC	12/11/1997	DTSC Berkeley 97-17	Site certified 3/1/05	Janet Naito (510) 540-3833	XXX
Robert Heath -- previous Ran Rob Tool and Die	Chlorinated solvents, primarily TCA and associated degradation projects, exist in groundwater (shallow zone)	RWQCB Region 2	8/27/1998	SFRWQCB 98-09	Site remediation completed- Regional Board recommends site closure (3/04)	Betty Graham (510) 622-2358	XXX
Roger Miller Ford of Orange	Above and below ground fuel tanks have resulted in contamination	Orange Fire Dept	11/29/1995	Orange Fire Dept. 95-28	Letter issued 10/98 for closure.	Tom Mbeke-Ekanem (909) 320-2007	XXX
RWL Investors	Site contains a Leaking Underground Storage Tank	Alameda County	na	na 04-06	Application withdrawn	na	na
Sacramento Trapshooting Club City of Sacramento	Approximately 20 acres of primarily open flat land - part of the larger 457 acre Hagen Oaks golf complex	County of Sacramento	8/26/2004	County of Sacramento 04-05	Preliminary Site Assessment completed (3/05)	Charley Langer (916) 875-8474	
Safety-Kleen	Former solvent distribution facility with RCRA issues	na	na	na	Application withdrawn	na	na
San Diego Gas & Electric Company	Application addressed Encina Power Plant located in Carlsbad	San Diego County	na	na	September 1999 application withdrawn	na	na
San Diego Gas & Electric Company	Application addressed four locations where gas combustion turbines are housed	San Diego County	na	na	September 1999 application withdrawn	na	na
San Diego Gas & Electric Company	Application included South Bay Power plant in Chula Vista and National City Fuel Oil Handling facility in National City	San Diego County	na	na	September 1999 application withdrawn	na	na
Scotts Valley Circuits	Chemicals of concern are TCE and other solvents	DTSC	9/25/1996	DTSC Berkeley 96-15	Site Certified--Site included in 10/21/97 Cal/EPA survey	Mark Piros (510) 540-3832	XXX

ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Sesi Group (Tripp Landfill)	Plan installation of a soil cap and some removal of contaminated soil	County of San Diego LEA	9/25/1996	County of San Diego LEA 96-18	The County expects to issue a negative declaration for CEQA (1/01)	Richard Gilb (858) 694-2801	
Seven-Up Bottling Company	Approximately 14 parcels located at 2670 Land Avenue	Sacto Co.	4/25/2003	Sacramento Co. 03-01	HHRA initial review & comment DTSC and SCEMD. Waiting to hear from consultant (2/05)	Laura Marshall (916) 875-8467	
SF/Mission Bay Redevelopment	Incorporate some parcels inadvertently omitted in previous designation of sites	SFRWQCB	12/12/2002	SFRWQCB 02-08	Designated December 2002	Vic Pal (510) 622-2403	
Shell Refinery Bakersfield	This project includes three refinery areas with a total of 42 Assessor parcels	CVRWQCB	na	na 04-04	Application withdrawn	na	na
Sherwin-Williams Company	Involves cleanup of two adjacent sites contaminated with paint/paint related materials, i.e., arsenic, lead, zinc	RWCQB - Region 2	7/31/1997	SFRWCQB 97-12	Risk assessment under review (3/04)	Mark Johnson (510) 622-2493	
Signal Landmark, Inc.	Soil containing burn dump ash	County of San Diego LEA	9/25/1996	County of San Diego LEA 96-19	Investigation complete; Design of cleanup alternative selected, pending public review of Negative Declaration (6/05)	Melissa Porter (858) 694-2801	NFA
So. CA Edison - Long Beach (ERAP)	A former manufactured gas plant, potential sources of industrial contamination included railroad, oil field, and road construction	DTSC	10/25/1995	DTSC Sacramento 95-25	Work complete; however site cannot be certified unless a deed restriction is implemented (6/05)	Mike Vivas (916) 255-3682	
Southampton (AKA Granite Mgmt. Corp.)	Previously a landfill, this site contains a number of contaminants	DTSC	8/1/1995	DTSC/ 95-18	After being designated, the applicant requested termination of the administering agency designation	na	na
Southern CA Edison - Alhambra Combined Facility (ERAP)	Site was used as a pole treating facility, contamination due to wood treating operations	DTSC	4/29/1999	DTSC Glendale 99-05	AOC-2 currently undergoing remediation (6/05)	Tedd Yargeau (818) 551-2864	

California Environmental Protection Agency - Site Designation Committee
ALPHABETICAL LIST OF DESIGNATED SITES

June 30, 2005

APPLICANT/ SITE	SITE DESCRIPTION	PROPOSED LEAD AGENCY	DATE DESIGNATED	AGENCY DESIGNATED/ RESOLUTION NO.	PROJECT STATUS UPDATE (date in parenthesis is usually the quarterly report date)	PROJECT MANAGER	"XXX" IF CERTIFIED or NFA
Southern Calif. Gas Co.-- Alhambra (ERAP-orphan)	PNAs, lead and cyanide in subsurface soils	DTSC	11/29/1995	DTSC Sacramento 95-29	Site certified on 2/25/98	Steven Becker (916) 255-3586	XXX
TABC, Inc	GW sampling indicates presence of chlorinated hydrocarbons, arsenic and hydrocarbons	RWQCB	na	na	January 2000 application withdrawn	na	na
The Birch Corporation	Petroleum (gasoline) from USTs at gas station in soil (now remediated) and groundwater	RWQCB - Region 7	2/19/1998	Imperial County 98-02	Awaiting response from regional board on the remedial plan submitted 11/1/98 (2/9/99)	John Morrison Asst Planning Director (760) 339-4236	
The Green House DBA The Herb Farm	Fill material from on-site agricultural activities resulted in suspected contamination	County of San Diego LEA	6/26/1996	County of San Diego LEA 96-12	Project completed in May, 1997	(619) 338-2389	XXX
Thomas Ranch Site (Western Products, Corp.)	Site contains 4 petroleum refining waste ponds; wastes are acidic sludge; GW is impacted with benzene and heavy metals	DTSC	8/22/1994	DTSC Cypress 94-02	Remedial Design approved in 03/05; remediation construction will begin in the summer of 2005 (6/05)	Safouh Sayed (714) 484-5478	
TIMEC Company Inc.	Review of the results of the Phase II ESA indicates the following impacts to soil and groundwater	RWQCB Region 2	5/28/1998	SFRWQCB 98-07	Certificate of completion issued 7/18/01 (8/01)	Vic Pal (510) 622-2403	XXX
Tow Basin (ERAP - orphan)	PCB contamination in the concrete foundation of testing facility	DTSC	3/27/1997	DTSC Cypress 97-05	Site designated as ERAP but not retained in program because an enforceable agreement was not signed (8/02)	Gloria Conti (714) 484-5469	na
Tow Basin Port of San Diego	PCB contamination in the concrete foundation of testing facility	DTSC	1/31/1995	DTSC Cypress 95-02	Groundwater and Bay Sediment investigation complete; DTSC reviewing workplans (6/05)	Majed Al Shami (714) 484-5742	
TRICO Industries	Site formerly utilized septic tank and dry well to dispose of steam cleaning effluent	Kern Co. Environmental Health Svs. Dept	2/28/1996	Kern Co./ 96-01	Site certified -- site included in 10/21/97 Cal/EPA survey	Mike Chapman (805) 862-8706	XXX
